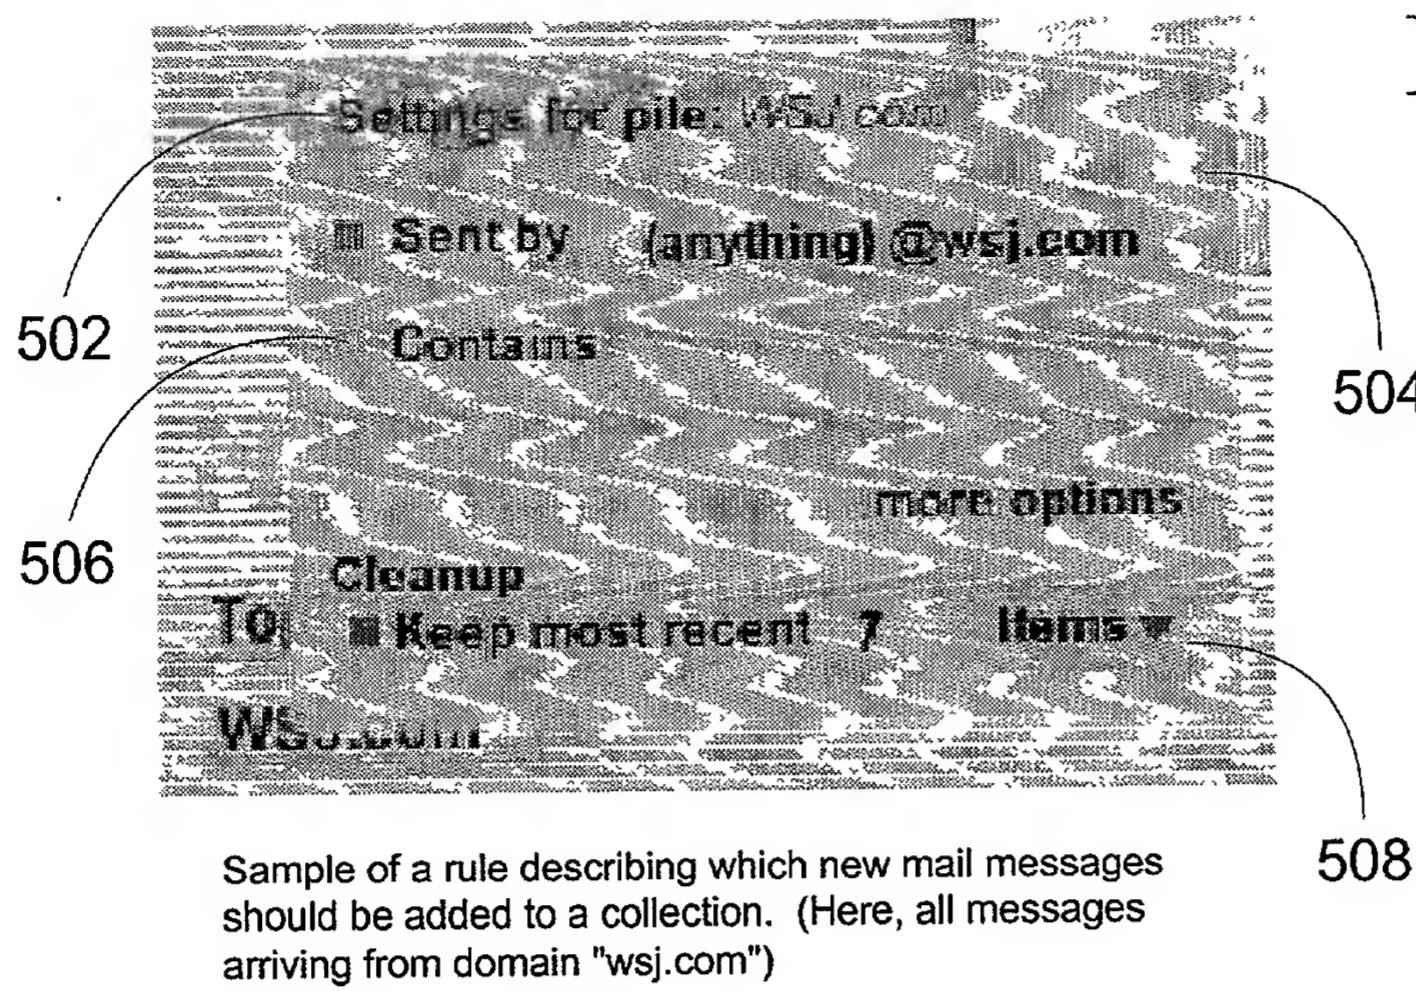

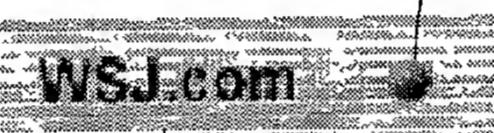

Fig. 5b

510 An icon representing the collection when nothing new has been added.

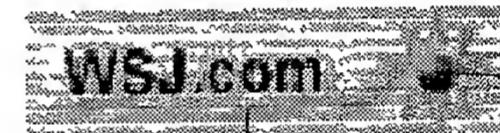

512

510 An icon representing the collection when a regular (e.g., unexceptional) new message has been added.

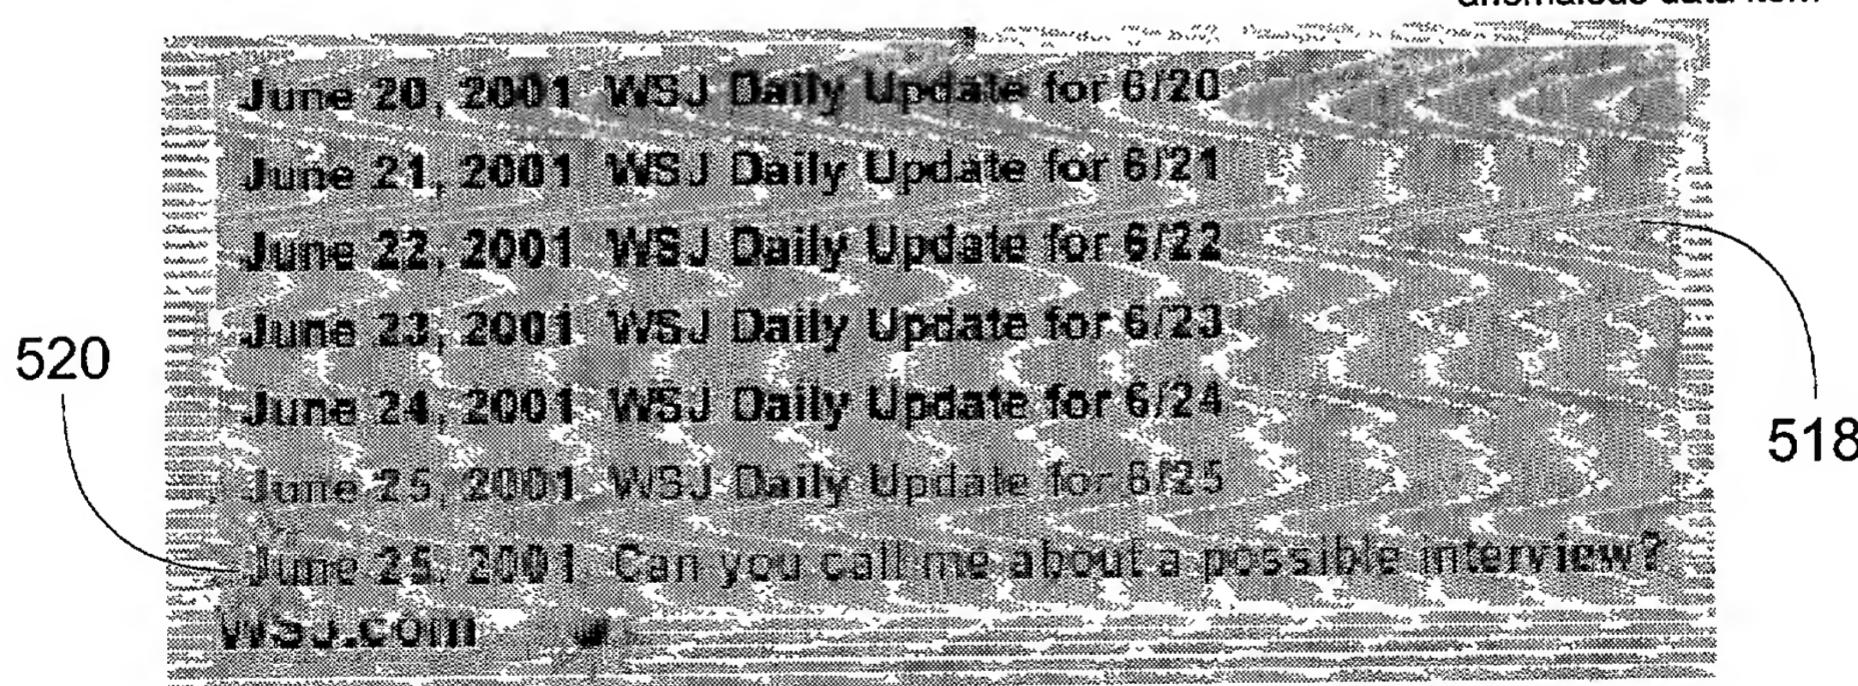

514

Fig. 5c

510 An icon representing the collection notifying the user that a message that has been added is not like the others; although it does match the rule, it differs from the other messages in the collection, e.g., an anomalous data item

516

A view showing the contents in the collection, showing the anomalous message flagged at the bottom.
